We have just received EAA's notice advising us of the decision to discontinue the ticket sales service to local entertainment centers. To President, EAA

We, the undersigned, wish to protest the restriction on ticket sales through EAA. EAA provides many employee benefits to a large number of people and the convenient purchase of tickets is one of the most appealing. Since we are so remotely located, the only other method of ticket purchase is by telephone. Calling individually to charge tickets (for those with credit cards) can be extremely time-consuming since the instant charge lines are always busy and require many calls and unnecessary time taken from an employee's workday.

Please re-institute the sale of tickets through EAA and continue offering quality service to the employees.

Re: EAA-GRAM Tickets (attached)

As working parents and full-time employees who do not have access to downtown ticket offices, we take strong exception to the discontinuance of providing ticket sales service since this service is the only one that enables us and our children to attend ice shows, circuses, King's Dominion, etc.

The other activities sponsored by EAA are participated in by a select group of employees when compared against the number of personnel who attend outside events.

We hope that budgetary considerations will be re-evaluated and if a budget cut is necessary, that it be made elsewhere in the EAA budget.

Cancellation of ticket sales

This morning I learned that the EAA will no longer procure theater tickets for employees. This is one of my primary reasons for being an EAA member. I am very disappointed and request that you reinstate this service.
